Type of Program: **Day/Public: 010623060000**
Disabilities Served: **AUT, ED, LD, MR, DF, HOH, SI, VI, OI, OHI, MD, DF/BLD, BLD, TBI**
Related Services: **Speech Therapy, Physical Therapy, Occupational Therapy and Counseling**

Dear Ms. Lucier:

This is to notify your agency that, based upon our review of the application form submitted by your agency, the New York State Education Department has determined that your July/August component special education school-age program as indicated above is eligible for student placements for the Summer 2009 under Section 4408 of the Education Law and the corresponding regulations. STAC forms for students attending your agency's 2009 July/August special education program will be approved if they are consistent with the information provided in your July/August component special education program application.

The Rate Setting Unit of the Office of Management Services will establish a tuition rate per student upon which the Department will determine State reimbursement for individual students. Your agency will be notified of the rate separately by the Rate Setting Unit.

It is expected that your agency will abide by all applicable laws and regulations and implement the program as approved. Please note that prior to implementing changes in any aspect of the program design as described above other than increasing or decreasing the number of classes the school district plans to operate at the approved staffing ratio, the proposed revision must be brought to the attention of the SEQA Regional Associate for the district and approved by this Office in writing.

We appreciate your cooperation and wish you success in your effort to serve school-age students with disabilities during the July/August extended school year. If you have any questions regarding the information in this letter, please contact Linda Keech of Central Office Administrative Support Services Team at (518) 473-6108.

Sincerely,

Michael C. Plotzker
